

NORWEGIAN FJORD

ABOUT

The Norwegian Fjord Horse is one of the world's oldest and purest breeds of horse. The origin of the breed is uncertain, but it is probably related to the primitive wild horses of Asia, the Przewalski.

WEIGHT: 900 to 1,000 pounds

HEIGHT: 13.2 to 14.2 hands

BODY TYPE: Compact, strong body with tough feet and a thick, crested neck
